THE INAUGURATION.

Governor Swanson was inducted into office on last Thursday, the first day of February. The service incident to the occasion began at high noon in the House of Delegates and in the presence of as many people as could crowd into the room.

Rev. Mr. Peters of the Methodist church, a personal friend of Governor Swanson offered the prayer.

The inaugural address was then delivered and while comprehensive was altogether too long for an occasion like that. We do not understand why an intelligent audience, gathered for the purpose of gracing a function of that character, should be made to listen for more than an hour to a rather dressy recitation of statistics with which they are perfectly familiar, before a word had been uttered by the speaker. It may be said in justification that they all do it," which simply means they all do wrong in this regard The fact that in this newspaper age it requires a speaker of far more than ordinary gift to entertain and at the same time instruct an assemblage of newspaper readers.

Of course the Governor talked of roads and schools and railroads and finance and rigid economy &c., &c., but no new thoughts on these subjects were offered and no new lights shed.

His excellency did make one colossal blunder on the subject of public highways when he said that principal work to be done on them should be of "local" kind—that is that the counties must make good roads or we are never to have them Coming, as he did, fresh from Congress we had hoped that he was imbued with the spirit of National aid for public roads, which must it our opinion, first be given, or we will as a people continue to stick in the mud.

However we did not begin this article with any intention of opening up a war of criticism on our new Governor. We wish him well and now that the "dream of all boyhood" has been realized, may he make a model of a Governor of the dear old Commonwealth.

Newport News wants another Mayor McCarthy. In our opinion one for an age will do.

Hon. Camm Patteson may some times be wrong but he always has the courage of his convictions.

What does "call down" mean any how? May be the reporter of the News-Leader was'nt so far wrong after all.

Senator Martin of Virginia has the whooping cough. He will get over it. But Senator Gallinger has a chronic case of ship subsidy that seems to be incurable.

We love to see the rural mail boxes dotting the country over It tells aleatly, but significantly that the Nation realizes that there are citizens who pay taxes and who are ready, if needs be to fight for the flag, who live outside of city limits.

Judge Mann and Mr. Willard witnessed the inauguration of Mr. Swanson. Each expected to be present on that interesting occasion but not in the capacity of lookers on. Cheer gentlemen, you may yet begin where Mr. Swanson leave off, just as he began where Mr. Mr. Montague let go, and no doubt now rejoices that he did'nt win in the first round.

We are glad to hope that the old fence around the Capital Square at Richmond is to go It was evident; placed in position at a time when cows were allowed to run at large in Virginia's Capital city and as the grass is no longer suffered to grow in the streets of Richmond, it's day of usefulness has ended.

The primary seems to have fallen into disfavor and this is not to be wondered at when we recall it's practical workings. Intended to be "pure" it has been anything else, intended to keep money out of politics, it opened wide the door for it's use.

If we would elevate politics out of the mire into the light of a sunlit noonday. We should begin by getting rid of the secret ballot. It works an evil end therefore it loves the darkness.

So you believe in the ground hog theory? Then look out for squalls.

Teachers' examinations have been postponed until May 3, 4 and 5th by order of the State Board of Education.

An old Buckingham boy writing from Alabama, says: "Move up my subscription to your paper. I like to read it so much, as it gives the news from my home county, and I still feel interested in her people though I have been away 30 odd years."

Thanks, THANKS, THANK .

Andersonville.

You have several correspondents from this post office but I have not seen anything from any of them for two or three weeks so will you give your readers a few items from this community.

Of cours: your readers know that Thursday was Swanson day and Friday was ground hog day. They were nip and tuck for brightness and sunshine. When the sun rose clear Friday Ed and I hitched up and got in a good lot of stove wood under shelter. We believe in the ground hog. Uncle Tom does too, he says watch the weather for the next six weeks.

Well now did'nt our new Governor talk splendidly? His talk will please the old soldiers. They and their widows will be right in the boat with Mr. Flood in Congress and Swanson as Governor. If Mr Flood will add a codicil to his bill and give them the post offices too I have often wondered why Forbes post office was discontinued with a good a postmaster as John Scruggs a good old Confederate soldier said to be the most accomodating one in county and the mail passing right by it's door from Evergreen to Andersonville, so I think if Mr. Flood could get a few little star route post offices out of politics it will do well.

Besides what he and Mr. Swanson do will have to be done in the next twenty years. In two decade there will be but few left. So ready any now living who did service less than sixty years old. How few of the human family live to be 80. The old fellows endured hardness and fought a good fight. May they have a peac ful hour to die.

Very little has been done on the farm since Christmas. The last two days axes have been heard and smoke seen, which tell us that plant beds are being burnt.

Our drummer boys are on the road, our normalites are at their post of duty, our teachers are putting in good time and our farmer boys are winding up their last year's crop of tobacco.

The sale of whiskey is now the burning question hereabouts. No one denies that it is sold on the sly so are other crimes committed. Don't let any evil be licensed, if it is done, let the culprit run the risk. A good grand jury and a proper prosecution will soon break up the nefarious business. It is up to the court.

Our little preacher is making his third round since Conference. We like him very much. I expect that Judge Hundley will permit him to perform marriage ceremonies. You courting folks take due notice and govern yourselves accordingly.

The Tabernacle meeting will be held this year the 8th to 18th of July. Dr. H. C. Morrison, one of America's greatest preachers will be there.

Miss Ellen Steger left to-day for Harrisonburg to be with her sister. Mrs. Pankey, who is seriously ill.

Sorry to see in the Outlook that our old friend, W. R. Moore is sick. Hope he will soon be out. It's an expensive business now to get sick.

Branch Seay had the misfortune to have one of his best horses get it's leg broken at the Star Warehouse in Farmville last week The warehouse did the handsome thing, to pay Branch $100. Grigg is there you know. I have known the Griggs all my life, three of them, father, son and uncle were with me in the war. They are warm hearted, good folks, first class soldiers.

I hear we are to have a new paper at Dillwynn, an out and out Republican.

Afraid of Strong Medicines.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had by applying Chamberlain's Pain Balm and without taking any medicine internally.

First. It means a tremendous amount of extra storage room—the use of valuable space for which we pay rent. It means filling scores of great packing cases with winter suits and coats, woolen underwear, winter dress goods, and the like. It means doubling, trebling and even quadrupling the amount of insurance we carry. It means locking these goods to protect them from moths or dust or rain. No wonder we consider a whole store full of merchandise. It means dollars and cents tied up for months on end and the loss of earning power or interest on that money. Therefore, you consider it our business to put the knife in deep right now, and have it over with. That is why you can come to this sale with a few dollars and go away with an overcoat—an entire new outfit at a saving of 25 per cent to 33 1-3 per cent.

Last Sunday at Liberty Baptist Church, a very handsome reed organ was presented the church by Mrs. C. W. Hancock & Son. Mr. W. F. Lee, of Buena Vista put up the instrument and the congregation is charmed. The church decided upon many and extensive improvements to the church edifice.

Circuit Court adjourned Tuesday evening and Judge Hundley left in the evening train. There were three decrees and no law cases—not a jury case tried The Judge reappointed Hon. J. C. Jones, a member of the election board, which means that His Honor desired no change in the present organization of the Democratic party of the county, or at least in the officers who conduct the general elections in the county. The Judge gave the gentlemen to understand that unless there were some charges, he could not turn down an old corpse if he wanted to place and there were no charges against Mr. Jones.

An order was entered to have Appomattox Invincibles 20th Virginia Battalion roll reconstructed. W. Phillips, qualified as Administrator of his father.

The small sum situation in this county looks very ugly; there are four new cases, and several more suspects; we are assured by the physicians that the matter is now well in hand and all the cases have been of a mild nature except Mr. R. L. Godsey, who has been quite ill for several days. He is improving now. The county will soon or later have to establish a pest house, and when that is done the disease can easily and quickly be driven from the county. Under present conditions when a case breaks out in the family, it usually goes through the whole family. The Board will no doubt look into the matter.

Terms of Court for the Fifth Judicial Circuit of Virginia.

The proposed changes have been suggested in a bill now pending before the Legislature:

Cumberland—Tuesday after the fourth Monday in January, April, June and September.

Men Past Sixty In Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old."

RALLY FARMERS.

A mass meeting of farmers will be held in Lynchburg on Friday 16th. Speaking will commence at 10 a. m., and there will be addresses at night.

The following gentlemen from the State of Tennessee will address the farmers:

General Felix G. Ewing, General Manager, O. Barker, Vice President, C. P. Warfield, General Sales Agent of the Dark Tobacco Growers' Protective Association of Kentucky and Tennessee.

Ex-Congressman Washington, of Tennessee, Hon. Carter Glass and Hon. H. D. Flood will be present. Farmers, this is one of the most important meetings held in this State for years, when you consider the low prices you formerly sold your tobacco at, and the great advances the Organization in Kentucky and Tennessee has been instrumental in getting, to wit: Tennessee and Kentucky farmers formerly sold their crops at two and four cents, now they have sold the 1904 crop at $8.50 cents average, and foreign countries are now looking over the field with a view of buying large lots.

If you wish to be informed of the ways and means of better prices, come and listen to the men who have in two years advanced prices 2 and 3 hundred per cent. We are anxious for all farmers to attend, do not remain away because you do not belong to the Dark Tobacco Growers' Association, this move is for the betterment of all farmers, regardless of association, creed and color. We are going to make every arrangement to have you instructed as to the plan to improve your financial condition—you can't learn if you fail to attend.

Dr. T. W. Evans, Pres.
Lynchburg Tobacco Growers' Association

LYNCHBURG, VA., February 5th, 1906.—The State Executive Committee of the Dark Tobacco Growers' Association of Virginia will meet in Lynchburg on Thursday, February 15th, at 10 a. m., at Hill City Lodge. All parties interested in the farmers are invited to attend. .

On the 16th, prominent men from Tennessee and Congressmen from Virginia and Tennessee will address the people at the same hall, both during,day and night, on the subject of "How to get profitable prices for tobacco."

Startling But True.

People the world over were horrified on the burning of a theatre in Chicago theatre in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold which could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlin's Cough Remedy, and especially for colds and influenza I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Willcox, New York.

THE CELEBRATED CALIFORNIA STALLION!

MONTOONA,

No. 20325.

Bred by Major Hollister, Chorro, California MONTOONA is a beautiful bay—black points and fine size, style, action, disposition, and very speedy. MONTOONA enjoys a distinction in his breeding that but very few trotting stallions do; having three recorded great brood mares in his pedigree, viz: Madam Sharon, 2:29¼, dam of Sharon, 2:08¼, and others; Tilbury Maid, dam of Gibraltar, 2:24 and others; and Nellie, the dam of Alta Alto, 2:23¾ and Alfretta, 2:27¼. Monroe, 2:26¾, sold in San Louis Obispo for $8,000.00. His grand dam Nellie, 2:30 by Nutwood, 2:18¼, sold for $30,000.00. MONTOONA descends directly from Hambletonian, 10, and Membrino Chief, 11 through both sire and dam and carries the blood of Nos. 9, 12, 14, 15, 33, 46, 462, 935, 1, 975, 980, 95, 105, 120 and 1206 of the American Trotting Register. MONTOONA was sired by Monterey, 2:20¼ by San Louis Obispo (Cal.) Fair as a yearling, and he has taken three first premiums at the Lynchburg Fair, Record trial speed 2:23. MONTOONA took all the first premiums at the Lynchburg Fairs, and the 2:40 class and the 2:30 class and took first premium for the best horse there. One of his colts owned by H. W. Glass, Lynchburg, Va., took first premium at the Fair with only two months' training, also took first and second prizes at the Lynchburg Horse Show in October, 1905. In 1905 MONTOONA won second money at Staunton, Va., and was driven by John F. Taylor, of Stanton, Va.
